we can take it easy, the boss is out to lunch!!! Taking up
another collection?!! We still aren't sure if these were
the winners or the losers!!!

Debbie wanted to know if it was spiked!!! Anything to get out of class!!! Michniak was always blowing his horn about something!!! Does Mr. Yoders know you're out of class doing this???? Hi, Kim!!! Gordon was asked to speak at the rally because he was a captain that night

No pictures appear upon these pages,
Because we know that through the ages,
You'll treasure more with passing time,
The note or little particular rhyme,
That friend or foe or even teacher,
Has written you to face the future.

So use this space as you see fit,
And we hope you make the most of it.

Don't let these halls deceive you! Actually this picture was taken while classes were in session. This is a view of the middle school. We just wanted to show people the transition that occurs between the high school and the middle school. This picture is also good for the high school students in that it reminds them of all the fun they had in middle school.

Middle School

The Middle School comprises grades six, seven and eight. The students have an annual magazine campaign throughout the school. Each student has to sell so many magazines and campus the neighborhood in which he or she lives. The students that sell the most, earn very nice prizes. Mrs. Pennington, a middle school teacher, helped with the campaign this year.

The pictured students participated in the campaign: *ROW 1:* Joshua Havens, Robert Chesslo, Karne Cettin, Bruce Cree, *ROW 2:* Jessie Fox, Mary Radcliff, Brenda Self, Judy Degan, Patty Enoff, Pauline Popernack, Mrs. Pennington, *ROW 3:* Judy Kalafsky, Thomas Stofcheck, James Maraney, Douglas Wade, Darlene Hunnell. *NOT PICTURED:* Cindy Flynn, Melanie Presock.

The eighth graders were kept very busy preparing for the Junior High Quiz program but they found time to relax between practice sessions in the library classroom. Also, Ricky's great appreciation for the beautiful bracelet deeply enhanced their many hours of study and practice.

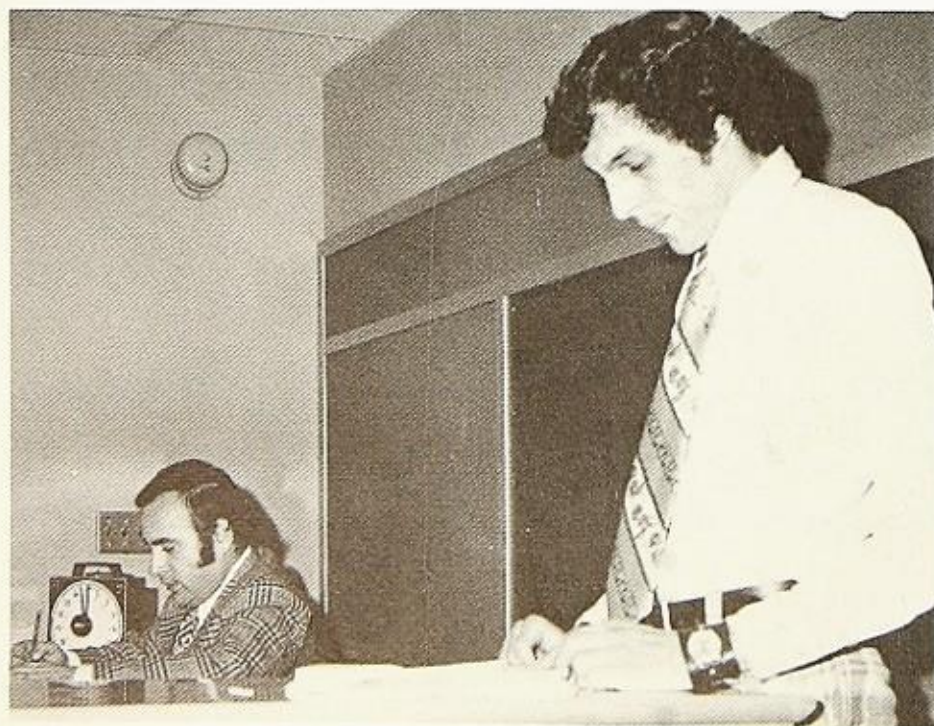

Junior High Quiz

This year was the first time that the eighth grade students of MHS participated in Ricky Wertz's Junior High Quiz program. Thanks to Mr. DeCarlo and Mr. Vucic, who made all of the necessary arrangements, the students were able to take an active part in this quiz show. For months, the students were given practice sessions on various questions that might be used in the actual game. The students even watched old tapes of shows from previous years as sort of a review. Then when the practice was at its height, the students on the panel were tested against their fellow classmates. When the real test came, MHS was battling wits against St. Joseph School. Although the latter team won, MHS put in a fine performance and gained for their school some prestige and acknowledgment.

Stadium Review

This was the first year that the stadium review has held. Its purpose was to honor all of the band members, cheerleaders, color guards, majorettes, football players and managers. It was held on a Friday night in the school's gym. The turnout of parents, students and interested viewers was very good. Skits were performed as were cheers, various musical selections from the band, special honors were acknowledged to the seniors, and the football players demonstrated how they performed on the field.

Some scenes from the program: the traditional "ring" of majorettes and cheerleaders to chant for MHS. The majorettes did a routine of fancy tricks with the batons. A selection of drums to liven up the festivities.

The football players demonstrated how they discussed the game plans when they were in a huddle, how they would set up a play with the ball. Announcers for the various parts of the program. The senior band members "hammed it up" a little bit just for old time sake.

The Audio-Visual (AV) Club is sponsored by Mr. Everly. The members of this club learn how to handle and maintain audio-visual materials at the school. They are also responsible for running the record machines and other equipment used at school functions.

The Beta Club is for those who are interested in business education. Through the help of Mrs. Eddy, the members learn how to better their secretarial and business abilities and skills. Each year, the seniors are presented with corsages and a dinner is held after school in their honor. The members are also responsible for preparing bulletin boards in the cafeteria and main hall of the school during particular times of the year.

Chess Club

The Chess Club of course was designed so that its members could learn to play chess, and that's what they do during their club meetings. Playoffs were held at the end of the year and trophies were awarded to the winners. Kevin Brozik, a senior, walked off this year with the trophy for first place.

FHA

The FHA (Future Homemakers of America) is a very large club of girls who are interested in homemaking, cooking, sewing and making clever ways to keep a home. This year, the girls went to Pittsburgh to see the Ice Follies at the Civic Arena. Everyone enjoyed themselves very much.

A typical club meeting in which the girls voice their opinions and make meaningful suggestions.

SOPHOMORE MEMBERS: Nancy Wallace, Denise Gashie, Beth Yelenik, Deb Wytko, Deb Billetz, Janice Brown, Louise Zieglar, Cheryl Cettin

Mrs. Seals sponsors the GAA (Girls' Athletic Association). As new members are selected, initiations are held at which the girls have to do various stunts and tricks. But everyone enjoys it very much. The club holds regular meetings and is very active. There are senior members however, due to a grave oversight, a picture is not available.

Shelley is busy writing down all the "nasty" tricks the others have "cooked up" for initiation.

The Library Club consists of people who are interested in librarian skills and techniques. The members, under the direction of Mrs. Huggins, learn how to check books out, replace returned books, handle overdue books, prepare new books and magazines, and many other matters dealing with the library. The student-members, work in the library during their study hall periods thus giving them a chance to practice what they have learned.

Maple Leaf

The Maple Leaf is busy during the school year. The entire club is involved in the production of the school paper by the same name. Each member is assigned to a particular staff and they are then responsible for certain portions of work in preparing the paper for printing. There's not much that the paper misses and at the end of the year, the last edition includes many features of the seniors. It is a hard-working but fun-filled activity for its members.

Chris Haney, Editor presides over the meetings while Mrs. Long and Mrs. Hathaway look on.

Medical Careers

ROW 1: Gisele Presock, Wanda Bowman, Ruth Jordan, *ROW 2:* Susan Pekar, Vivian Crider, Nancy Morris, Kathy Williamson, Connie Phillips

The Medical Careers Club is for those who have an interest in becoming a member of the medical profession. It is sponsored by Miss Kalis, School Nurse. At the club meetings, the members discuss and learn many items of interest and information that will prove valuable in their future career in medicine.

The Mon-O-Leaf has the yearly task of preparing the school's yearbook. During club meetings, the students of the staff work very hard laying out the plan of the book, thinking up captions to put under the pictures, identifying other pictures, deciding how to collect donations and many other matters that go along with the job. The staff members are also called upon to work on the book outside of school time because it is a very difficult task to try and recapture almost all of the events of the school year.

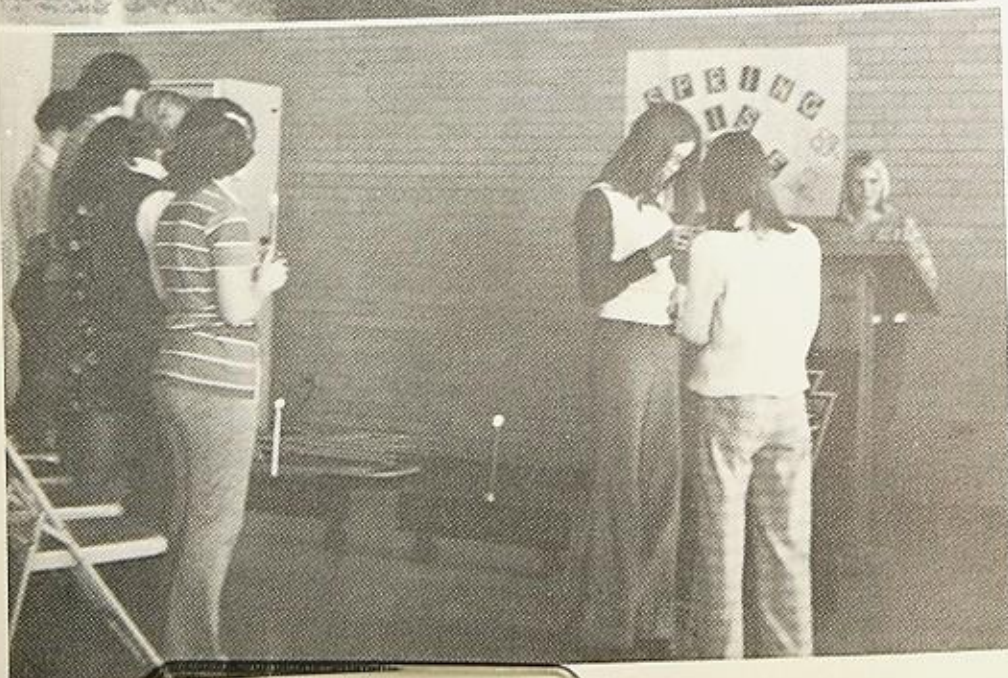

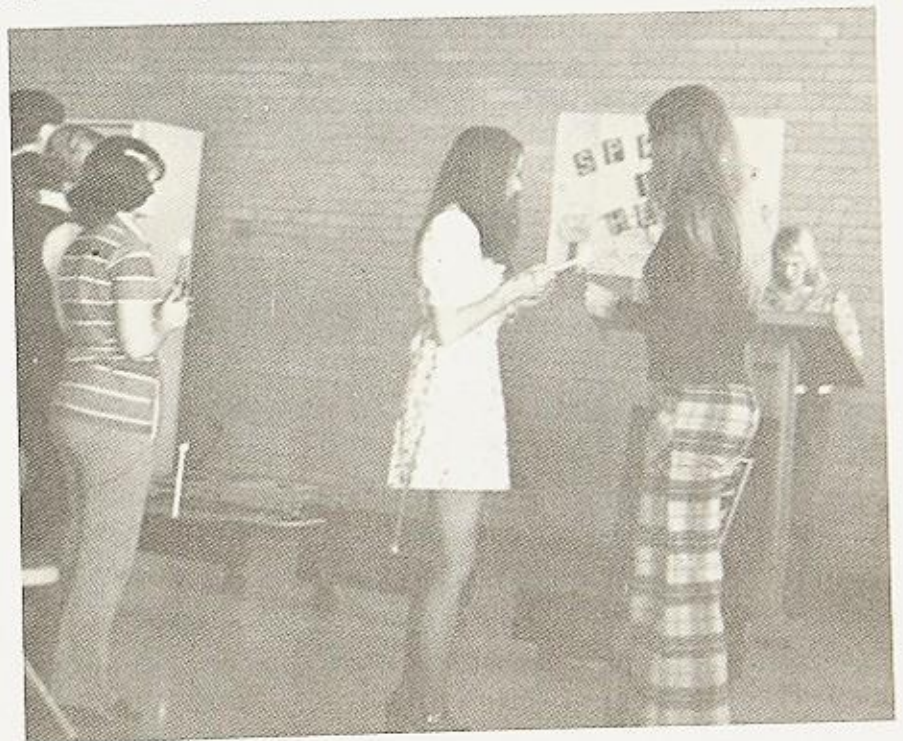

Also a special thanks is in order to Mr. Bennett who along with his other duties, devoted much of his time developing pictures that were taken by the staff photographers.

The National Honor Society held its induction of new members on March 27. All the traditions of the society were observed. The new members were presented candles and lights from the old members. This is to symbolize the continuance of the society's standards. Also speeches were given by some of the members as to what the NHS stands for and its requirements. Mrs. Erma Miller presided at the organ to add a finishing touch to the program.

The Sci-Cam (Science-Camera) Club is sponsored by Mr. Bennett. The club holds regular meetings and is very active. During the Basketball Season, the club sponsors a consession stand in the gym lobby at which they sell various refreshments. During the club periods, the members learn about photography and the science of taking good pictures.

The Student Council is very active at the school. It is co-sponsored by Mr. Bennett and Mr. Yoders. This club is the organization that decides many activities at the school. The members are constantly checking and re-evaluating the standards and policies of the school. This year, the Student Council helped to produce a talent show which was held at Carmichaels High School. Ricky Billetz has been chosen as the new president for the 1974-75 school term. He succeeds Debra Mathews who held that position during her senior year at Mapletown.

During the football season, the Student Council sponsored a concession stand which was always busy and earned the club a great success.

The Varsity Club is for those students who participate in sports and the cheerleaders. During football season, pep rallies are held in the gym on Friday afternoon before the game. The student body becomes the audience as the cheerleaders run through their cheers and skits that are meant to entertain everyone. At the end of each school year, a banquet is held to honor all who have taken part in sports throughout the year. Also at this time, trophies and letters are awarded to the students and the seniors are given their jackets to signify the work they have done on the team.

They culminated their year's activities with a nice dinner at Bratton's on May 15. The members also presented Mrs. Johnson with a lovely corsage and gift.

This is the second season for the girls' team and they can be congratulated for their fine performances. They practiced and worked hard and their records prove this. The Varsity Team ended up with a 6-6 record while the Junior Varsity Team recorded a 7-7 slate. Good work girls! Good luck in the future.

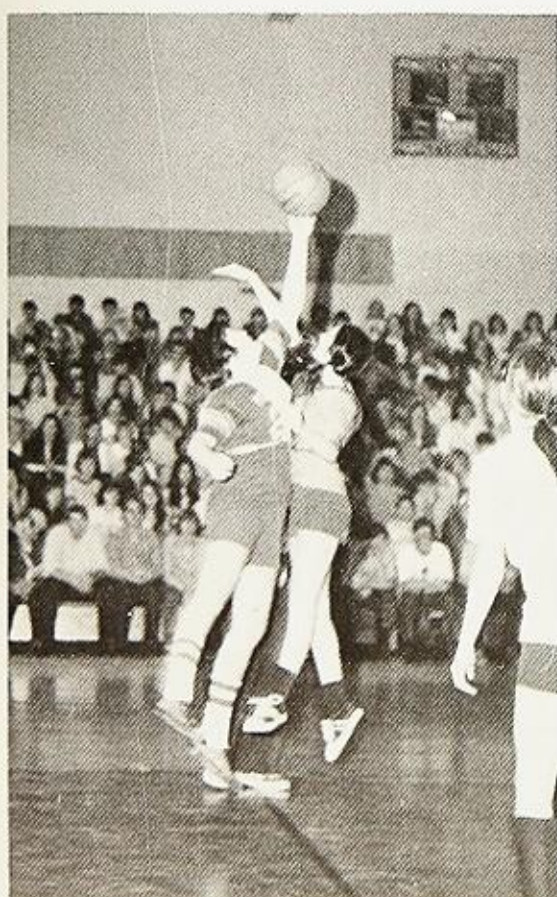

Also, a special thanks from the girls to Linda who gave up much of her free time to make these teams possible.

In order to become the basketball champs, these girls had to play and win against all other girls in all other sections of grades nine through twelve. The playoff games were held during the girls' gym periods and the finals were witnessed by the student body. Of course, to be the champs took great team work and effort and great skill in jumping, shooting, guarding, running and passing. . . all the skills and abilities required of a basketball team. **GOOD WORK GIRLS!**

Ping Pong

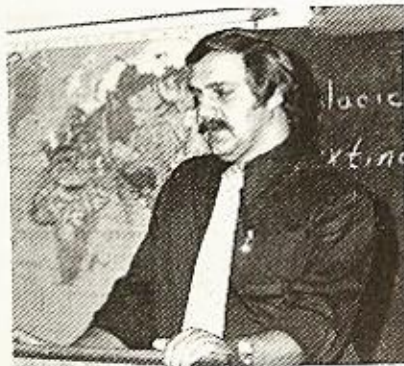

A new activity was added to the list at MHS this year and that was Ping Pong or Table Tennis which ever name is preferred. During activity periods, the students were able to participate in a match if they didn't have a club meeting. All grades were given a chance to play on a rotating schedule. It was a very enjoyable period for all of the students and helped to break the boredom of study halls for those not having meetings. Here are some of the students that were in the full swing of things in the game.

The Greene County Memorial Park was originated and developed by a group of men and women whose dream it was to have a cemetery wherein people could worship as they would in a church—a place of quiet beauty with rolling lawns and stately trees unbroken by unsightly tombstones but yet with each burial place distinctly marked; a place of solace and prayer where one might visit with departed loved ones in proper surroundings; and lastly a place whose beauty and charm would not in time disappear but would be everlastingly protected.
